

KYLE CLARK - CHAIR

RAY GRAVES - VICE CHAIR

July 11, 2017

Jack Campbell, State Attorney  
Office of the State Attorney  
Leon County Courthouse  
301 S Monroe St, Ste 475  
Tallahassee, FL 32399-2550

Dear Mr. Campbell:

My name is Kyle Clark, I Chair the Florida Impaired Driving Coalition (FIDC), which is a State Traffic Safety Coalition chartered by Florida Department of Transportation and funded by the National Highway Traffic Safety Administration. For further information concerning our Coalition's purpose, goals, and objectives please visit our website at: [www.flimpaireddriving.com](http://www.flimpaireddriving.com).

One of the objectives of our Coalition is to conduct research and suggest best practices related to efforts to reduce impaired driving in Florida. Currently we are focusing on DUI/DWI Diversion Programs and DUI/DWI Charge Reduction Practices that have been implemented through the executive authority of Florida State Attorney Offices. Examples of such programs would include both formal programs with structured criteria for acceptance and completion as well as informal programs in which requests are considered for reduction of DUI/DWI charges to less serious offenses, on a case by case basis, based upon presentation of mitigating circumstances by defense counsel.

The purpose of this letter is to request your cooperation and assistance in sharing information and data concerning such programs and/or practices that have been implemented by your office. Your assistance in providing answers to the following preliminary inquiries will assist us in understanding the structural and procedural components of your program(s):

1. Does your office offer formal DUI/DWI diversion programs with structured or published criteria for determining whether an applicant would be approved for entry? If so, how would you describe your program?
2. Does your office offer informal DUI/DWI charge reduction programs in which defendants may be allowed to plead to lesser offenses, such as reckless driving, based upon consideration of mitigating circumstances including the lack of prior criminal history and/or crash involvement, and/or the willingness to complete a probationary period? If so, how would you describe your program?
3. Does your office maintain records concerning the names and/or case numbers of defendants who have been accepted into or participated in either a structured DUI/DWI diversion program or a less formal DUI/DWI charge reduction program in your jurisdiction?

Your response to these questions would be greatly appreciated. It is our desire to recognize prosecutorial and adjudicatory efforts that have been implemented to address the problem of impaired driving in Florida. If there is further information concerning the Florida Impaired Driving Coalition or the nature of the research that we are conducting, please do not hesitate to contact me at 904-606-5953 or [clarkk@theiacp.org](mailto:clarkk@theiacp.org).

Responses can be sent to me via email at [clarkk@theiacp.org](mailto:clarkk@theiacp.org) or by mail to Post Office Box 1002, Macclenny, Florida, 32063. On behalf of the Florida Impaired Driving Coalition we thank you for your time and consideration. I look forward to hearing from you.

Sincerely,

Kyle Clark  
Chair, Florida Impaired Driving Coalition

KYLE CLARK - CHAIR

RAY GRAVES - VICE CHAIR

July 11, 2017

Andrew H. Warren, State Attorney  
Office of the State Attorney  
419 N. Pierce St.  
Tampa, FL. 33602

Dear Mr. Warren:

My name is Kyle Clark, I Chair the Florida Impaired Driving Coalition (FIDC), which is a State Traffic Safety Coalition chartered by Florida Department of Transportation and funded by the National Highway Traffic Safety Administration. For further information concerning our Coalition's purpose, goals, and objectives please visit our website at: [www.flimpaireddriving.com](http://www.flimpaireddriving.com).

One of the objectives of our Coalition is to conduct research and suggest best practices related to efforts to reduce impaired driving in Florida. Currently we are focusing on DUI/DWI Diversion Programs and DUI/DWI Charge Reduction Practices that have been implemented through the executive authority of Florida State Attorney Offices. Examples of such programs would include both formal programs with structured criteria for acceptance and completion as well as informal programs in which requests are considered for reduction of DUI/DWI charges to less serious offenses, on a case by case basis, based upon presentation of mitigating circumstances by defense counsel.

The purpose of this letter is to request your cooperation and assistance in sharing information and data concerning such programs and/or practices that have been implemented by your office. Your assistance in providing answers to the following preliminary inquiries will assist us in understanding the structural and procedural components of your program(s):

1. Does your office offer formal DUI/DWI diversion programs with structured or published criteria for determining whether an applicant would be approved for entry? If so, how would you describe your program?
2. Does your office offer informal DUI/DWI charge reduction programs in which defendants may be allowed to plead to lesser offenses, such as reckless driving, based upon consideration of mitigating circumstances including the lack of prior criminal history and/or crash involvement, and/or the willingness to complete a probationary period? If so, how would you describe your program?
3. Does your office maintain records concerning the names and/or case numbers of defendants who have been accepted into or participated in either a structured DUI/DWI diversion program or a less formal DUI/DWI charge reduction program in your jurisdiction?

Your response to these questions would be greatly appreciated. It is our desire to recognize prosecutorial and adjudicatory efforts that have been implemented to address the problem of impaired driving in Florida. If there is further information concerning the Florida Impaired Driving Coalition or the nature of the research that we are conducting, please do not hesitate to contact me at 904-606-5953 or [clarkk@theiacp.org](mailto:clarkk@theiacp.org).

Responses can be sent to me via email at [clarkk@theiacp.org](mailto:clarkk@theiacp.org) or by mail to Post Office Box 1002, Macclenny, Florida, 32063. On behalf of the Florida Impaired Driving Coalition we thank you for your time and consideration. I look forward to hearing from you.

Sincerely,

Kyle Clark  
Chair, Florida Impaired Driving Coalition

KYLE CLARK - CHAIR
